

Apple Device as a Service

iPad starting at \$17 per month

All the power. With all the flexibility.

Qualified customers can procure iPad with no upfront costs starting at just \$17 per month per device for 24 months.¹ Included in this flexible monthly subscription is iPad, AppleCare+, and white glove return service. And you can even return up to 10% of devices after 12 months with no obligation.²

Streamline your device procurement, deployment, and maintenance with Apple Device as a Service and keep your workforce running efficiently.

iPad. Flat-out productive.

iPad is a personal assistant. An accountant. A presentation expert. A scanner. Practically whatever you need it to be. With a stunning 9.7-inch Multi-Touch Retina display, iOS 11, thousands of productivity apps, and Wi-Fi and LTE3—all in a thin and light design—iPad can transform the way you do business.
