CR1100 Physical Characteristics

CR1100 Dimensions	1.2" H x 2.7" L x 2.1" W (30 mm H x 68 mm L x 53 mm W)
CR1100 Weight	2.4 oz (68 g)

CR1500 Physical Characteristics

CR1500 Dimensions	5.2" H x 3.0" L x 2.0" W (132 mm H x 77 mm L x 52 mm W)
CR1500 Weight	4.1 oz (116 g)

CR4300 Physical Characteristics

CR4300 Dimensions	iPhone 6/6s: 6.2" H x 3.1" L x 0.8" W (158 mm H x 78 mm L x 21 mm W)
	iPod 6th Gen: 5.6" H x 2.7" L x 0.8" W (143 mm H x 69 mm L x 21 mm W)
CR4300 Weight	with iPhone 6/6s: 10.1 oz
	with iPod 6th Gen: 8.2 oz

CR7018-19 Physical Characteristics (Fully Enclosed)

CR7018-19 Dimensions	6.2" x 3.1" x 0.8" (157 mm x 78 mm x 22 mm)
CR7018-19 Weight (w/ battery & phone)	10.5 oz. (300 g)
Case supports iPhone 7/8	

CR2600 Physical Characteristics

Palm Reader Dimensions	1.1" H x 5.1" L x 2.0" W (28mm H x 130mm L x 51mm W)
Handle Reader Dimensions	5.3" H x 5.1" L x 2.0" W (135mm H x 130mm L x 51mm W)
Palm Reader Weight	4.5 oz (128 g)
Handle Reader Weight	6.0 oz (170.5 g)

CR2700 Physical Characteristics

Palm Reader Dimensions	1.1" H x 5.2" L x 2.1" W (28 mm H x 131 mm L x 53 mm W)
Handle Reader Dimensions	5.3" H x 5.2" L x 2.1" W (135 mm H x 131 mm L x 53 mm W)
Palm Reader Weight	4.6 oz. (131 g) including battery
Handle Reader Weight	6.2 oz. (177 g) including battery

CortexDecoder (Software Based Mobile Scanning)

Epic Rover Integration	iOS Soft-Scan License
AllScripts Sunrise Integration	iOS & Android Soft-Scan License

CR1100 Accessories

- Various Cable Options Available. Visit www.codecorp.com/cables.php for a list of compatible cables
- Universal Stand

CR7018-19 Accessories

- (CR7018) Battery Maintenance Application-BatteryTrack
- (CR7019) Data Pass-Through
- 5-10 Bay Battery Chargers
- Vertical Mount

CR2600 Accessories

- Lithium-Ion Battery
- Charging Station
- Charging Station with Embedded CodeXML[®] BT Module, M3 BT Module (external), Router Software
- USB Charging Cable, US, Europe/South America, UK Power Supplies

CR2700 Accessories

- Replacement Battery
- Bluetooth[®] Inductive Charging Station
- Quad-Bay Battery Charger
- Wall and VESA Mounts
- Desk Top Base

FEATURES AND BENEFITS

Wireless Bluetooth® scanner compatible with multiple programmable buttons for customized workflow processes. Easy to clean, disinfectant ready, IP65 housing high speed omnidirectional reading of 1D, 2D, and postal barcodes, lightweight models in palm and handheld configurations, and powerful data management capability with Javascript.

Code's healthcare product line offers lightweight, compact, handheld scanner that features zero-miss barcode reading performance in a PVC-free CodeShield® disinfectant-ready plastic housing. Its patented dual-field optics, proprietary microprocessor, and industry-leading decoder read any challenging barcode with ease and deliver a truly efficient data-capture solution.

Compact, efficient, and powerful disinfectant-ready reader. Quickly and reliably decodes all barcodes from any surface type. Curved, damaged or reflective barcodes are no problem for this little powerhouse. With an intuitive decoding algorithm and lightning fast response, this reader is perfect for any healthcare application.

Worried about infection control? The CR2700 is your answer! With the introduction of wireless (inductive) charging, Code has eliminated any exposed metal. Combined with seamless construction, the only IP65 rating on the market, and top-of-the-line CodeShield plastics, the CR2700 can be quickly and completely wiped down with even the harshest chemicals.

The CR7018-19 is the industry's first fully-enclosed battery backup case built with PVC-free CodeShield plastics and Dragontrail™ Glass. This means mobile phones are completely safeguarded from the harsh chemicals needed to protect patients. Its smooth housing with minimal crevices ensures germs can't hitch a ride.

Once a phone is enclosed in the CR7018 or 19, it stays put. Swappable batteries keep the phone fully charged and operating on case power extending each phone's optimal operating life cycle. CR7019 offers data pass-through for your tap-and-go and single sign on applications.

MODELS AND ACCESSORIES

CR1100 & CR1500 Universal Stand

CortexDecoder For Epic Rover integrates Code's enterprise-grade decoding algorithm delivering the industries first software based barcode scanning solution for your mobile workflow.

CR2700 Handled

CR2700 Palm

CR7018 iOS fully enclosed battery backup case with swappable batteries. CR7019 includes data pass-through.

Expect More.

Every clinical environment is unique, but they have one commonality: the pressure. Healthcare workers today have to move quickly and efficiently, treating more patients in less time than ever before, with no room for error. Smart tools allow workers to meet the challenges of constantly changing situations.

Code's industry-leading data capture solutions improve workflow and make processes more efficient. From mobility to durability, we have what you need. Eliminate misreads and failed scans with our first-in-class decoding technology. We guarantee speed, accuracy, and durability, even in less-than-ideal situations. Always PVC-free, Code readers stand up to the harshest chemical cleaning agents and never miss a scan.

Healthcare professionals can expect more from Code.

Applications

- Track, Trace, & Verify Lab Samples
- Point-of-Care
- Medical Supply Tracking
- Supply Chain Management
- Pharmacy
- Administration Applications
- Mobile Barcode Scanning
- Integrated Software Based Barcode Scanning
