ENTERPRISE

EPSON[®] BUSINESS SOLUTIONS

WHERE THERE'S BUSINESS THERE'S EPSON

Technology Solutions That Drive Results

In today's fast-paced world of business, we understand you need technology that delivers results, works more efficiently, and performs when you need it. And, with tighter and tighter budgets, affordability is essential.

Epson delivers on every point. As a leader in imaging technologies, we have what it takes to deliver cutting-edge solutions that will change the way you work, save time and money, and free you up to focus on your core business.

Improved Productivity

Advanced technology that's versatile, powerful and easy to use allows businesses to focus on high-quality, error-free production.

Cost-effective Solutions

Products that offer outstanding value, easy integration and solid reliability help you achieve a better bottom line.

Customer Focus

Partner with Epson and get innovative technology solutions backed by world-class service and support.

Environmental Commitment

With a strong commitment to the environment, we create products that are reliable, recyclable and energy efficient.

1

Presentations on the go

Our lightweight, portable projectors are built for mobility and fast, easy setup, ensuring you make your best impression, wherever your presentations take you.

2

Results that make a big impression

Our large-format printers produce photographic-quality prints — on demand. Get eye-catching signage on media up to 44" wide, including posterboard.

3

Powerful performance for improved productivity

Our award-winning WorkForce® Pro Series workgroup printers are fast and affordable, providing high-quality results with less downtime.

4

Streamline your workflow

Scan important documents to speed electronic delivery and distribution, reduce routing errors, and facilitate efficient digital storage of critical data.

5

Collaborative meetings

Our interactive whiteboard solution, BrightLink® Pro, makes it easy for staff, both locally and remotely, to share and edit documents in real time, transforming training sessions and meetings into collaborative events.

6

Next-generation customer service solutions

OmniLink® smart POS products deliver cost-effective, mobile-friendly technologies that give you more flexibility to improve the customer experience.

7

Powerful large-venue laser projectors

These large-venue installation projectors deliver uncompromising image quality and virtually maintenance-free operation with a laser light engine.

8

Custom color label printing — on demand

Enhance your workflow and improve efficiencies by adding photos and color coding to storage and packing labels. These fast, rugged printers produce durable on-demand labels that won't smudge or fade.

9

Innovative solutions

Working in partnership with world-class developers, Epson delivers next-generation, innovative solutions for enterprise applications used in real-world situations. From our Moverio® smart glasses to our Epson robots, we have the products of choice for precision, speed, ease of use and overall value.

Why Epson

Successful businesses know that smart investments in technology deliver real results. Epson is a leading provider of technology solutions for document management, collaboration, business transactions and commercial printing. We stand apart from the competition because of our leading-edge technologies that deliver powerful productivity, outstanding results and cost-effective ownership.

Our partners choose Epson because of our commitment to:

- Solutions that deliver performance
- Leading-edge research and development
- Value and world-class service and support
- Sustainable business practices

Improved Productivity

Low intervention — WorkForce Pro printers with the Replaceable Ink Pack System print up to 50,000 pages without having to change the ink¹.

Convenient collaboration — BrightLink Pro transforms walls, tables and more into interactive displays that combine the benefits of whiteboards, flipcharts and displays into one.

Reliable robotic solutions — Epson robots are known for running 24/7, 365 days a year. Our robots are used in thousands of factories throughout the world, including many Epson facilities, so we know how important it is to have uninterrupted operations.

Cost-effective Solutions

Affordable color printing — WorkForce Pro workgroup printers deliver both significant savings and dramatically reduced energy usage vs. color laser printers.

Tracking costs — Save big with in-house printing of signage and posters. Track costs with the Accounting Tool on the SureColor® T-Series printer.

Lower storage costs — Scan and store records more efficiently with the DS-860 workgroup scanners.

Customer Focus

We understand business — Epson partners with you, delivering industry-specific knowledge that helps you keep costs down and customer satisfaction high.

Products designed with you in mind — Epson's ongoing investment in new technology delivers robotics, and printer and scanner solutions that are hard at work in facilities around the world.

Ease of use — Epson is a leader in the manufacturing of easy-to-use robots.

Environmental Commitment

Energy savings — The WorkForce Pro WF-R8590 printer requires no warmup time, unlike lasers, and uses up to 70 percent less power than comparable lasers².

Greater control — Our 3LCD projectors feature an ECO Mode, which reduces lamp wattage, and a scheduling function to turn the projector off, remotely, at a predetermined time.

ENERGY STAR® qualified — Many of our products are ENERGY STAR qualified to help keep costs down and the environmental impact at a minimum.

- 1 Ink pack yields are estimated based on ISO/IEC 24711 test in Default Mode printing continuously. Ink pack yields vary considerably for reasons including printed images, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink color. All ink colors are used for printing and printer maintenance, and all colors have to be installed for printing. For print quality, part of the ink from the included ink packs is used for printer startup and a variable amount of ink remains in the ink pack after the "replace ink pack" signal. For details, see www.epson.com/cartridgeinfo
- 2 Compared to best-selling color single and multifunction laser printers priced at \$1999 (USD) or less as of November 2014. Actual power savings will vary by product model and usage.
