INTRODUCING NEW INTEL® XEON® PLATINUM 9200 PROCESSORS
A new class of enhanced performance

Up to 112 cores in a two-socket system
Up to 3.8 GHz with Intel® Turbo Boost Technology
Highest native DDR4 bandwidth

Average of 2x performance improvement

INFRASTRUCTURE-WIDE AI READINESS
New Intel® Deep Learning Boost with Vector Neural Network Instructions (VNNI)
Featuring new Intel® Threat Detection Technology (Intel® TDT)

BUSINESS RESILIENCE THROUGH MULTI-TENANT DATA PROTECTION
Hardware-attenuated security
New Intel® Secure Key (Intel® SGX)

GROUNDBREAKING MEMORY AND STORAGE INNOVATION
New Intel® Optane™ DC Persistent Memory

INDUSTRY-LEADING STORAGE SOLUTIONS
New Intel® SSD D5-P4326 E1.L “Ruler”

INTELLIGENT, FAST NETWORKING
New Intel® Ethernet 800 Series Network Adapters

2ND GEN INTEL® XEON® SCALABLE PROCESSORS
The foundation for data-centric innovation
