

# Microsoft Teams Deployment & Adoption Services

*Improve employee collaboration*

**SHI's Microsoft Teams Deployment Services** help you deploy and adopt Teams to improve communication and collaboration across your organization.

## Our Approach

- Collaboration planning and discovery
- Discuss current collaboration, workflows and discovery
- Security and governance
- Skype for Business to Teams migration scenarios
- Adoption strategy and roll out

## Competitive Advantage via Teams

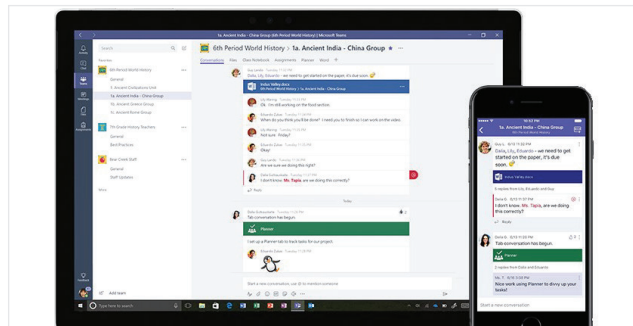

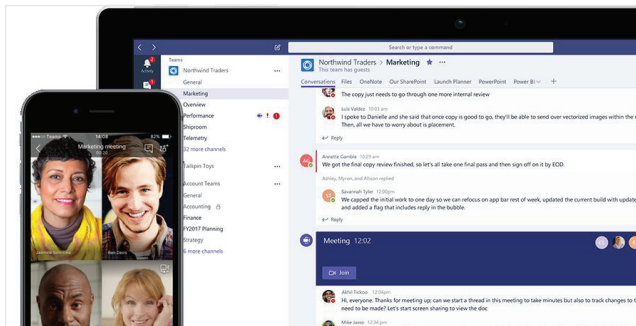

- Skype for Business Online is no longer available for renewal
- Skype for Business end of extended support is 2025

## When to Consider this Workshop

We have helped customers manage their Microsoft licenses for the past 30 years. Here are some common customer scenarios where we may recommend this solution:

- Unable to renew Skype For Business Online
- Upcoming Microsoft license renewal within 12 months
- Need guidance with PBX, Direct Routing, Teams Room or Content Migration to Teams/SharePoint
- Experiencing Teams adoption challenges across the organization
