

Nutanix Reference Architectures

Purpose-built and pre-validated solutions for Nutanix Enterprise platform and Nutanix platform for SMB and Remote Office/Branch Office space.

Your Needs:

Nutanix systems simplify and minimize IT deployment risks. To support them, you need compatible physical infrastructure solutions that are integrated, pre-engineered, and pre-validated. You also need to:

- lower your time-to-market and deployment time
- minimize on-site and remote management
- reduce change management costs

Nutanix Benefits:

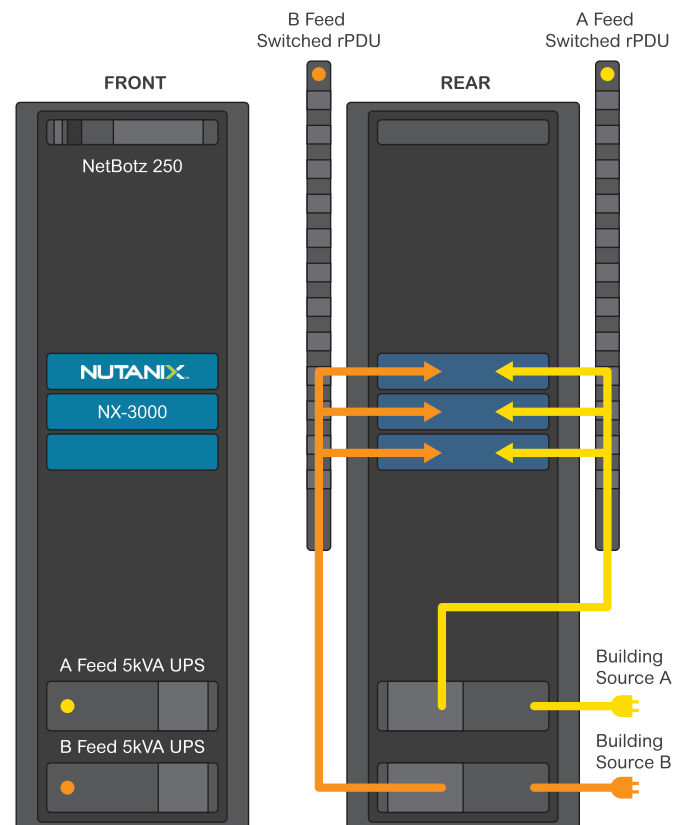

Nutanix Ready demonstrates mutual product compatibility, interoperability, and continued industry relationships.

APC™ PowerChute Network Shutdown software has been awarded **Nutanix Ready Core – Management & Operations** protecting your Nutanix platform from threats to IT availability when protected by an APC UPS.
