

Smarter builds collaboration and connections for hybrid learning.

With students learning in class, remotely, or in a hyflex environment, Lenovo hybrid classroom solutions create an adaptable solution for every teaching and learning model.

Engage students where they are with flexible learning tools that pair Lenovo's robust learning devices with a collection of innovative hardware solutions for collaborative learning. Hybrid classroom ecosystems facilitate a flexible learning environment and include Google Meet Series One Room kits and ThinkSmart Core Kits built on Microsoft Teams or Zoom Rooms platforms.

Easy to reconfigure for a range of classroom sizes and simple to manage with user-friendly software and services, these purpose-built ecosystems deliver best-in-class solutions for learning success.

Lenovo hybrid classroom

Empowered by ThinkSmart Core Kits

Building a hybrid classroom starts with ThinkSmart Core Kits, an all-in-one meeting room system for Zoom Rooms or Microsoft Teams Rooms that helps students and teachers connect, share, and collaborate seamlessly and securely wherever learning takes place.

In addition to user-friendly features, ThinkSmart Core Kits also include remote manageability capabilities through Lenovo's custom-built ThinkSmart Manager software.*

Each kit comes with ThinkSmart Core, a compute powered by 11th Gen Intel® Core™ vPro™ processors with Intel® Iris® X^e graphics along with the ThinkSmart Controller, a 10.1-inch, 10-point touch HD display with anti-glare and anti-fingerprint coating.

ThinkSmart Controller

ThinkSmart Core

*ThinkSmart Manager comes preloaded on all ThinkSmart Core devices. ThinkSmart Manager has two levels: Basic and Premium. Premium is included with your ThinkSmart Core purchase for one year. You can choose to continue service for an additional cost.

Google Meet Series One Room kits from Lenovo

Open the box to more flexible hybrid learning.

Google Meet Series One Room kits from Lenovo have everything schools need to offer a richer hybrid learning experience—all in one box—with features that work better for everyone.

- Improve communication and lesson delivery utilizing TrueVoice™ noise cancellation technology and 4K-capable AI cameras.
- Spend more time focused on the lesson and not on IT through seamless integration with a school's existing Chrome OS infrastructure.
- Increase student engagement by inviting guest speakers and subject matter experts from around the world into the virtual classroom.
- Bring a master teacher into multiple classrooms simultaneously.
- Allow classrooms across a building or campus to collaborate and communicate seamlessly.

No matter how big or small your school may be, Google Meet Series One Room kits make learning more accessible for all.
