

ThinkPad C13 Yoga Chromebook Enterprise

EXCEPTIONAL PERFORMANCE

Though cloud workers in finance, healthcare, and state and local government have not traditionally had their own 1:1 device, that's about to change. With up to an AMD® Ryzen™ 7 3700C Series processor running Chrome OS, ThinkPad C13 Yoga Chromebook Enterprise helps organizations empower their most critical cloud workers with a fast, reliable device that helps them power through the day.

MADE FOR MOBILITY

At less than 16 mm thin and weighing just 3.3 lbs., ThinkPad C13 Yoga Chromebook Enterprise is designed for users who need maximum portability. Whether users are healthcare workers moving around large medical campuses or finance specialists moving between home offices, branches, and corporate offices, ThinkPad C13 Yoga Chromebook Enterprise keeps them connected to the data, devices, and documents they use most with a variety of ports as well as WiFi 6 and Bluetooth 5.0 capability.

GET CREATIVE

Chromebooks are well known for making content creation and collaboration easy—and ThinkPad C13 Yoga Chromebook Enterprise is no exception. It's built for creating, editing, and sharing content thanks to its touch screen with optional 4K OLED display, optional 5MP world-facing camera, and optional garaged USI pen. With up to 10 hours of battery life¹, ThinkPad C13 Yoga Chromebook Enterprise can keep up with a full day's worth of innovative ideas.

BETTER SECURITY

Lenovo plus Titan C plus Chrome Enterprise equals an unbeatable combination for security. Lenovo builds physical and biometric security features, like a webcam privacy shutter and touch fingerprint reader, into each ThinkPad C13 Yoga Chromebook Enterprise. Likewise, Titan C, the Google-designed security chip on ThinkPad Chromebooks, defends from the core to keep devices secure, protect user identity, and ensure system integrity. Lastly, Chrome Enterprise keeps your business safe with seamless updates and protection against evolving threats.

flexibility

With its 360-degree hinge, the ThinkPad C13 Yoga Chromebook Enterprise quickly moves between four unique modes: laptop, tablet, tent, and stand.

connectivity

ThinkPad C13 Yoga Chromebook Enterprise is port-rich for meeting room use, while WiFi 6 and Bluetooth 5.0 keep cloud workers connected at all times.

durability

Designed to ThinkPad and MIL-SPEC durability standards, this device withstands bumps, drops, shocks, scrapes, dust, direct impact, and even spills (up to 330 ml).

¹Based on Google Chrome Power_LoadTest, a battery run down test. For more information about Google Chrome Power_LoadTest, visit www.chromium.org. Test results should be used only to compare one product with another and are not a guarantee you will experience the same battery life. Battery life may be significantly less than the test results and varies depending on your product's configuration, software, usage, operating conditions, power management settings, and other factors. Maximum battery life will decrease with time and use.
