

MEET TODAY'S MODERN WORKSPACES

The right personal collaboration solutions vary by user and role. To guide you in equipping employees with the right tools, we've created distinct personal workspace personas.

Remote Collaborator

A remote work champion, spending most of their time in a home-based office. Needs solutions to connect virtually into meetings while giving the experience of feeling like they are right in the room, even though they are miles away.

Personal workspace solutions:

- Combo: Pro Personal Video Collaboration Kit featuring the Brio webcam and Zone Wireless headset
- Keyboard: K780
- Mouse: MX Anywhere 3

- Video conferencing: High usage
- Mobility: At desk most of time
- Multimedia use: High
- Connectivity: PC/Laptop

Executive Collaborator

A tech-savvy executive who needs to make decisions fast with a schedule full of back-to-back video meetings. Versatile in work style, the executive collaborator needs solutions that just work for whatever the workday brings their way.

Personal workspace solutions:

- Combo: Small Tap Room Solution
- Keyboard: MX Keys with palm rest
- Mouse: MX Master 3

- Video conferencing: High usage
- Mobility: Virtual meeting hopper
- Multimedia use: Low
- Connectivity: Multi-device

Power Collaborator

Based in an office, spending half of their time at a personal workspace. The other half is spent in conference rooms, sharing ideas with co-workers or impromptu hallway chats. Needs solutions to stay in their work zone by blocking out noise and distractions at their desk - while staying connected across devices.

Personal workspace solutions:

- Webcam: C930e
- Headset: Zone Wireless Plus
- Combo: MK540 Keyboard and Mouse Combo

- Video conferencing: Medium usage
- Mobility: At desk half of the time
- Multimedia use: High
- Connectivity: Multi-device

Ergonomic Collaborator

A power collaborator conscious of their workday routine. Needs solutions that improve satisfaction, performance, comfort, health and safety, all while enabling them to execute in their role.

Personal workspace solutions:

- Combo: Personal Video Collaboration Kit featuring the C925e webcam and Zone Wired headset
- Keyboard: K860 Wireless
- Mouse: MX Vertical

- Video conferencing: Medium usage
- Mobility: At desk half of the time
- Multimedia use: High
- Connectivity: Multi-device

Flex Collaborator

A tech ambassador, spending time working in the office, remotely at home, and traveling to customer or partner sites. Seeking solutions to keep them connected while on the road so they don't miss a beat.

Personal workspace solutions:

- Webcam: Logitech C505e
- Headset: Logitech Zone Wireless Plus
- Mouse: MX Anywhere 3

- Video conferencing: Medium usage
- Mobility: On-the-go
- Multimedia use: Medium
- Connectivity: Multi-device
