

## The perfect laptop solution for Business, Students & Creators

### Modern 15

With the latest 6-core processor, the Modern Series is built for multi-tasking & highly demanding workflows

### Modern 14

The ultimate thin & light notebook to boost your productivity while on the go. Small form-factor, big performance

### Prestige 14

Secure and protect your highly sensitive data and get a stunning True Pixel Display with the Prestige Series

### Prestige 15

Maximize performance with up to GeForce GTX 1650 graphics for graphical intensive projects

# Which series is right for you?

## Modern Series for Business & Students

The Modern Series is the ultimate tool for students, entrepreneurs and corporate enterprises. It combines precision engineering, ultra-lightweight design with a compact form factor, amazing battery life and exceptional performance.

## Prestige Series for Creators

The Prestige Series is built for those that prioritize privacy to protect your highly sensitive data and require the latest GPU to tackle all of your graphical intensive workflows. Perfect for creatives, graphic designers and video editors.

## Hardware that meets your needs

### Windows 10 Pro

The operation system provides advanced security protections, enterprise manageability, and enhanced productivity tools.

### Support & Warranty

MSI supports you when you need it most with our 1 year Limited warranty (Include 1 Year Global) & optional Pro Warranty with 3 year on-site warranty on selected SKUs.

### Connection

From a reliable Wi-Fi connection to having a variety of ports to connect to external displays and other peripherals is crucial. MSI provides all the vital I/O ports and latest in Wi-Fi tech.

### Portability & Design

With our innovative thin and light design, the Modern & Prestige can easily be taken with you wherever your work takes you.

### Battery Life

Long-lasting battery is important to stay productive without having to look for a nearby outlet. Get up to 16 hours of battery life with our MSI laptop solutions.

# Modern Series Laptop

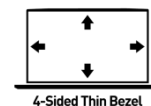

## for Business & Students

The Modern Series is the ultimate tool for students, entrepreneurs and corporate enterprises. It combines precision engineering, ultra-lightweight design with a compact form factor, amazing battery life and exceptional performance.

# Modern Series for Business & Students

- Stay productive and do it faster with **the latest 10th Gen. Intel® Core™ i7 processor**, improved graphics and up to 16GB RAM and up to 1TB of storage.
- Get stunning, razor-sharp resolution on thin bezel displays in two options: 14-inch on the **Modern 14** or the larger 15.6-inch on the **Modern 15**
- **Make a great first impression** with the thin, light and sleek design in colors like Carbon Gray and Onyx Black
- Stay on task with **up to 10 hours of battery life**

## HD Web Conferencing

The Modern Series has a high-definition 720p webcam on top of the thin bezel display making it perfect for web conference calls, business meetings and staying in touch with your clients. Perfect for working from home and taking courses online.

# Ergonomic Design

The 180° Flip-n-Share Hinge Design, makes sharing and presenting your ideas easier than ever

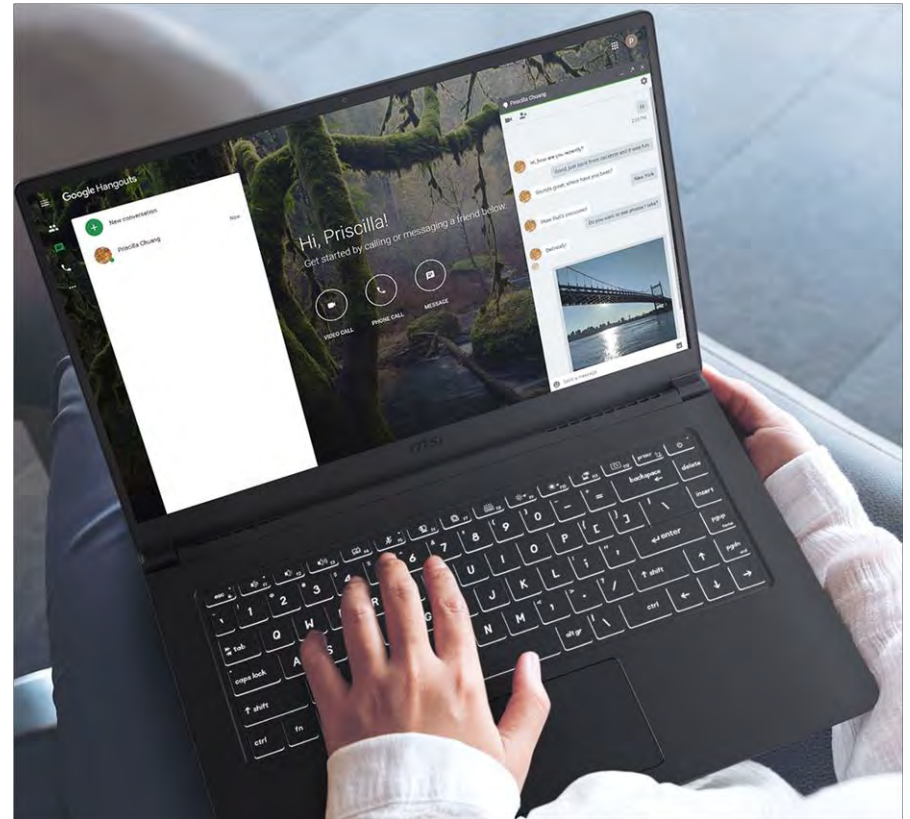

The innovative 5 degree hinge design automatically tilts the keyboard for the most ergonomic typing angle

The optimized 1.5mm key travel and the tactile feedback of each keystroke makes typing more pleasant and comfortable than ever

# Modern Series for Business & Students

- True Color Technology provides different modes to fit your various usages
- Creator Center takes optimization to the next level with easily adjustable system modes and resources for a wide range of scenarios and needs
- MSI's exclusive Cooler Boost 3, the 2-fan and 3-heat pipe thermal design, keeps the components cool under intensive workflows

# Prestige Series Laptop

## Award-winning Performance for Creators

The Prestige Series is built for those that prioritize privacy to protect your highly sensitive data and require the latest GPU to tackle all of your graphical intensive workflows. Perfect for creatives, graphic designers and video editors. CES 2020 Innovations Award Honoree.

# Prestige Series for Creators

- The Prestige Series is engineered with the **ultimate 6-core processor** for demanding applications and heavy database computations
- **True Pixel Display** delivers true-to-life images with 4K resolution, AdobeRGB 100% color gamut, factory-calibrated Delta-E < 2 out of the box. The perfect display for creatives, graphic designers and video editors.
- The stunning display comes in two sizes: 14-inch on the **Prestige 14** or the larger 15.6-inch on the **Prestige 15**

**TRUE PIXEL**  
DISPLAY

**CalMAN**  
VERIFIED

A top-down view of a person's hands working on a desk. The person is wearing a black watch on their left wrist and a colorful braided bracelet on their right wrist. They are using a black stylus to draw on a black tablet that is connected to a silver laptop. The laptop keyboard is visible, and the screen shows a landscape image. The text "Built for Creators" is overlaid in the top right corner of the image.

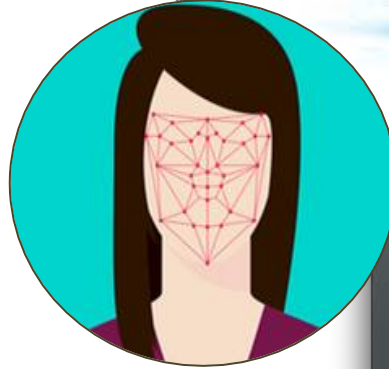

# Built for Creators

The Prestige Series is built with the latest GPU alongside a stunning display to tackle all of your graphical intensive workflows. Perfect for creatives, graphic designers, photographers and video editors.

# Privacy & Security

## Windows Hello

Login 3 times faster than a typing in a standard password

The built-in fingerprint sensor secures your laptop with a peace of mind, login is as simple as a tap of a finger

Stay connected with the latest wireless networking with Wi-Fi 6 providing a faster and more reliable connection

# Prestige Series for Creators

- **Thunderbolt 3** offers connectivity with state-of-the-art speed and versatility, supporting up to 40Gbps bandwidth with daisy chain capabilities
- The **UHS-II High-Speed micro SD card reader** makes importing your photo & video files into your workflow easy, no additional dongles required
- With the **180° Flip-n-Share Hinge Design**, makes sharing and presenting your ideas easier than ever
- With **up to 16 hours of battery life**, stay completely mobile without worrying about finding the nearest outlet

# Recommended Accessories

MSI PRESTIGE PS341WU  
MONITOR

34" 5K2K Ultra-Wide (5120 x 2160/ 21:9) resolution supports a 4K full-size window with a buffer workspace to preview the content simultaneously. This results in a more efficient multi-tasking experience.

MSI USB-C DOCKING  
STATION

Integrates data transfer, power delivery and video displays through only one USB-C cable. The single connection to all devices offers a flexible and mobile lifestyle.

MSI MAG161V  
PORTABLE MONITOR

Experience the Optix MAG161V, the slimmest portable monitor in the world. It's extremely light only weighing in at 2lbs, easily bring it anywhere while saving space in your bag and expanding your work space.
