

Hold the business world in the palm of your hand.

Gear 360 4K 360° Handheld Camera

Samsung helps you cover every business angle. Whether you're creating content for your own business or for your clients, the Samsung Gear 360 is the small, lightweight, powerful way to capture stunning 360° VR experiences. With 4K resolution, your content will have four times the resolution of HD, for detailed, hyper-realistic imagery. Give the home office a precise progress report on a construction project. Create detailed incident reports. Offer an immersive manufacturing process tour. Let a customer test-drive a high-end retail item like a luxury boat or automobile from the comfort of your showroom. The possibilities are infinite.

Key Features

A Virtual Sales Floor

Invite customers on a tour of your facilities. Allow them to experience a new property or building, at any phase of construction. Let them drive an expensive automobile without ever visiting your showroom. With the Gear 360 camera, the world is your sales floor.

Take it Where the Business Is

Gear 360 was built to go places. It's easy to hold, shoot and take with you to wherever the job is. And with an IP53 water-resistance rating¹, the Gear 360 can handle wet locations and inclement weather.

Tell the Whole Story

Capture the scene in complete detail with the stunning clarity of 4K video and 15MP photos. And the Gear 360 features dual 180° lenses that work in tandem to provide a seamless 360° picture, so you get every perspective in a single take.

Seamless, Immediate Sharing

Use your Galaxy S8 or S8+² to share your Gear 360 experiences directly to your company's or your client's YouTube channel, Facebook page, or Samsung VR.³ You can also use your Samsung Galaxy or iOS smartphone⁴ to control your camera remotely. And an easy-to-use app lets you preview and edit your Gear 360 videos before you share.

Get More Accomplished

The Gear 360 camera lets you meet with clients and colleagues in Oculus Rooms. Get all the players in one room, and get things done.
