Department of Education, Elementary and Secondary School Emergency Relief Fund

The Elementary and Secondary School Emergency Relief Fund is available to support costs associated with significant changes to the delivery of instruction.

- **Eligible expenses:** Applicants may use funds for one or more of the following activities:
 - Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
 - Providing principals and other school leaders with the resources necessary to address the needs of their individual schools.
 - Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
 - Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
 - Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
 - Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
 - Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
 - Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
 - Providing mental health services and supports.
 - Planning and implementing activities related to summer learning and supplemental after school programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
 - Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.
- **Eligible Applicants:** States Education Agencies must apply for funds first. It is expected that State Education Agencies will then redistribute or regrant awarded funds to Local Education Agencies (i.e. school districts, including charter schools with Local Education Agency status) within their jurisdiction.
- **Funding Available:** Up to \$13,230,000,000 is available. Funding will be distributed to eligible applicants in a format proportional to their Title 1, Part A calculations. Cost sharing/matching is not required.
- **Deadline:** It is anticipated that State Education Agencies will receive notice on how to apply to these funds from the Department of Education by the end of April. Methods of distribution (e.g. formula or competitive) to Local Education Agencies will vary by State. This is a one-time emergency funding opportunity. Future funding cycles are not anticipated.
