# Adobe Creative Cloud for education

## Licensing for classrooms, labs, small workgroups, and departments.

Only Adobe brings together an essential and comprehensive set of integrated apps and services to further collaboration and creativity in education. With Adobe Creative Cloud for education, your school or university gets:

#### Creative desktop and mobile apps that are always up to date

Get ongoing access to industry-leading creative software, including favorites like Adobe Photoshop CC and Illustrator CC, new apps like Adobe Premiere Rush CC and XD CC, and tools that offer new creative frontiers in 3D design, voice prototyping, and 360/VR video. All licenses include new features and updates as soon as they're released.

#### Powerful creative services and secure sharing

All licensing options include online file storage, hundreds of free web fonts from the Adobe Fonts service, and access to Adobe Portfolio and Behance for showcasing creative work. Named-user and student licenses also include Creative Cloud Libraries for file access and sharing inside Creative Cloud apps, prebuilt design templates and assets from Creative Cloud Assets, and much more.

#### Simplified deployment and management

A web-based Admin Console makes it easy to purchase additional seats, add users, and manage software updates.

#### Easy ways to integrate the apps into your curricula

The Adobe Education Exchange helps educators ignite creativity with professional development opportunities, learning resources, and peer-to-peer collaboration. And Adobe for Academics provides curriculum and project ideas to integrate Creative Cloud into your curriculum and course projects.

### Flexible licensing options to fit your needs:

Named-user licensing

Small workgroups and departments

- Licenses for each individual user on their institutional computer with teacher and staff rights to install on two computers, one for work and one for home use
- Choice of All Apps or Single App options
- Storage and all online services included
- Supports BYOD use

#### Student use only

- Licenses for each individual student on their own computer and mobile devices
- All Apps option only
- Supports BYOD use
- Storage and all online services included
- Best available pricing for students

Classroom, libraries, and labs

• Licenses for each computer, rather than each user, with rights to install on one computer per license

Adobe

- All Apps option only
- Storage and the following online services included: Behance, Adobe Portfolio, and Adobe Fonts
- Ability for those with their own paid subscriptions to log into entitled machines to access their profiles and saved work

## **Creative Cloud for education**<sup>\*</sup>

Give your students, faculty, and staff the digital tools to create amazing work.

Adobe Photoshop CC Edit and composite images, use 3D tools, edit video, and create digital paintings. Image: Solution Composite images, use 3D tools, edit video, and mobile.
