

Adobe Creative Cloud for teams

Applications System Requirements

Adobe® Photoshop® CC

The world's leader in digital imaging.

More freedom, speed, and power to make incredible images real. And now you can design for screens faster than ever with real-time image asset generation powered by new Adobe Generator in the latest update to Photoshop CC. Plus share work straight to Behance® to get feedback and showcase your projects. It's all available now. Only in Creative Cloud.™

System requirements

Windows*

- Intel® Pentium® 4 or AMD Athlon® 64 processor (2GHz or faster)
- Microsoft® Windows 7 with Service Pack 2 or Windows 8 with Service Pack 1
- 1GB of RAM
- 2GB of available hard-disk space for installation; additional free space required during installation (cannot install on removable flash storage devices)
- 1024x768 display (1280x800 recommended) with 16-bit color and 256 MB of VRAM (512MB of VRAM recommended for 3D features)
- OpenGL 2.0-capable system
- Internet connection and registration are necessary for required software activation, membership validation, and access to online services*

Mac OS

- Multicore Intel processor with 64-bit support
- Mac OS X v10.7 (64 bit) or v10.8 (64 bit)
- 1GB of RAM
- 2GB of available hard-disk space for installation; additional free space required during installation (cannot install on a volume that uses a case-sensitive file system or on removable flash storage devices)
- 1024x768 display (1280x800 recommended) with 16-bit color and 256 MB of VRAM (512MB of VRAM recommended for 3D features)
- OpenGL 2.0-capable system
- Internet connection and registration are necessary for required software activation, membership validation, and access to online services*

* This product may integrate with or allow access to certain Adobe or third-party hosted online services. Adobe online services, including the Adobe Creative Cloud service, are available only to users 13 and older and require agreement to additional terms and Adobe's online privacy policy. The applications and online services are not available in all countries or languages, may require user registration, and may be subject to change or discontinuation without notice. Additional fees or membership charges may apply.

Adobe® Illustrator® CC

Explore new paths with the essential vector tool.

Meet the most powerful and connected Illustrator ever. The new Touch Type tool gives you even more control over type: move, scale, and rotate individual characters knowing you can change the font or copy at any time. And with Illustrator CC, you can share work directly from within the application and sync colors from Adobe® Kuler®. Your entire creative world, together in one place. Only in Creative Cloud.™

System requirements

Windows*

- Intel® Pentium® 4 or AMD Athlon® 64 processor
- Microsoft® Windows 7 with Service Pack 1 or Windows 8
- 1GB of RAM (3GB recommended) for 32 bit; 2GB of RAM (8GB recommended) for 64 bit
- 2GB of available hard-disk space for installation; additional free space required during installation (cannot install on removable flash storage devices)
- 1024x768 display (1280x800 recommended)
- Internet connection and registration are necessary for required software activation, membership validation, and access to online services*

Mac OS

- Multicore Intel processor with 64-bit support
- Mac OS X v10.7 or v10.8
- 2GB of RAM (8GB recommended)
- 2GB of available hard-disk space for installation; additional free space required during installation (cannot install on a volume that uses a case-sensitive file system or on removable flash storage devices)
- 1024x768 display (1280x800 recommended)
- Internet connection and registration are necessary for required software activation, membership validation, and access to online services*

* This product may integrate with or allow access to certain Adobe or third-party hosted online services. Adobe online services, including the Adobe Creative Cloud service, are available only to users 13 and older and require agreement to additional terms and Adobe's online privacy policy. The applications and online services are not available in all countries or languages, may require user registration, and may be subject to change or discontinuation without notice. Additional fees or membership charges may apply.

Adobe® InDesign® CC

Design professional layouts for print and digital publishing.

Faster, sharper, more connected. Under-the-hood improvements and native 64-bit support make working on even the most complex documents speedier. And now, you can share work directly from InDesign® CC and get access to new features the moment they're released. Your entire creative world, together in one place. Only in Creative Cloud.™

System requirements

Windows*

- Intel® Pentium® 4 or AMD Athlon® 64 processor
- Microsoft® Windows 7 with Service Pack 1 or Windows 8
- 2GB of RAM (8GB recommended)
- 2.6GB of available hard-disk space for installation; additional free space required during installation (cannot install on removable flash storage devices)
- 1024x768 display (1280x800 recommended) with 32-bit video card
- Adobe Flash® Player 10 software required to export SWF files
- Internet connection and registration are necessary for required software activation, membership validation, and access to online services†

Mac OS

- Multicore Intel processor
- Mac OS X v10.7 or v10.8
- 2GB of RAM (8GB recommended)
- 2.6GB of available hard-disk space for installation; additional free space required during installation (cannot install on a volume that uses a case-sensitive file system or on removable flash storage devices)
- 1024x768 display (1280x800 recommended) with 32-bit video card; supports Retina display
- Adobe Flash Player 10 software required to export SWF files
- Internet connection and registration are necessary for required software activation, membership validation, and access to online services†

† This product may integrate with or allow access to certain Adobe or third-party hosted online services. Adobe online services, including the Adobe Creative Cloud service, are available only to users 13 and older and require agreement to additional terms and Adobe's online privacy policy. The applications and online services are not available in all countries or languages, may require user registration, and may be subject to change or discontinuation without notice. Additional fees or membership charges may apply.

Adobe InCopy® CC

Collaborate in demanding editorial workflows.

Get everyone on the same page. With InCopy® CC, writers, editors, and designers can work simultaneously on a single document without overwriting each other's contributions. Now with support for Retina displays, new ways to find fonts quickly, and other features to help you work smoothly. If you have a Creative Cloud™ membership, you can save InCopy files to the cloud so you can work from anywhere.

System requirements

Windows*

- Intel® Pentium® 4 or AMD Athlon® 64 processor
- Microsoft® Windows 7 with Service Pack 1 or Windows 8
- 2GB of RAM (4GB recommended)
- 2GB of available hard-disk space for installation; additional free space required during installation (cannot install on removable flash storage devices)
- 1024x768 display (1280x800 recommended) with 32-bit video card
- This software will not operate without activation. Internet connection and registration are necessary for required software activation, membership validation, and access to online services*

Mac OS

- Multicore Intel processor
- Mac OS X v10.6.8, v10.7, or v10.8
- 2GB of RAM (4GB recommended)
- 2GB of available hard-disk space for installation; additional free space required during installation (cannot install on a volume that uses a case-sensitive file system or on removable flash storage devices)
- 1024x768 display (1280x800 recommended) with 32-bit video card; supports Retina display
- This software will not operate without activation. Internet connection and registration are necessary for required software activation, membership validation, and access to online services*

* This product may integrate with or allow access to certain Adobe or third-party hosted online services. Adobe online services, including the Adobe Creative Cloud service, are available only to users 13 and older and require agreement to additional terms and Adobe's online privacy policy. The applications and online services are not available in all countries or languages, may require user registration, and may be subject to change or discontinuation without notice. Additional fees or membership charges may apply.

Adobe® Dreamweaver® CC

Build sites and apps using an all-in-one web design tool.

Develop more web content, more quickly. A streamlined user interface, connected tools, and new visual CSS editing tools let you code efficiently and intuitively. And now, Dreamweaver® CC lets you share work directly from within the application, and helps you keep up with web standards by giving you access to new features as soon as they're available. Your entire creative world, together in one place. Only in Creative Cloud.™

System requirements

Windows*

- Intel® Pentium® 4 or AMD Athlon® 64 processor
- Microsoft® Windows 7 or Windows 8
- 1GB of RAM
- 1GB of available hard-disk space for installation; additional free space required during installation (cannot install on removable flash storage devices)
- 1280x1024 display with 16-bit video card
- Java™ Runtime Environment 1.6 (included)
- Internet connection and registration are necessary for required software activation, membership validation, and access to online services*

Mac OS

- Multicore Intel processor
- Mac OS X v10.7 or v10.8
- 1GB of RAM
- 1GB of available hard-disk space for installation; additional free space required during installation (cannot install on a volume that uses a case-sensitive file system or on removable flash storage devices)
- 1280x1024 display with 16-bit video card
- Java Runtime Environment 1.6
- QuickTime 7.6.6 software required for HTML5 media playback
- Internet connection and registration are necessary for required software activation, membership validation, and access to online services*

* This product may integrate with or allow access to certain Adobe or third-party hosted online services. Adobe® Muse™ CC

Design and publish HTML websites without writing code.

Create and publish dynamic websites for desktop and mobile devices that meet the latest web standards—without writing code. Design freely using familiar tools and hundreds of web fonts. Easily add interactivity, including slide shows, forms, and more. Save files with Creative Cloud™ for anywhere access and simple sharing. Your entire creative world, together in one place. Only in Creative Cloud.

System requirements

Windows*

- 2.33GHz Intel® Pentium® 4, AMD Athlon® 64 2800+, or faster processor
- Microsoft® Windows XP Home, Professional, or Tablet PC Edition with Service Pack 3; Windows Server® 2003 or 2008; Windows Vista® Home Premium, Business, Ultimate, or Enterprise (including 64-bit editions) with Service Pack 2; or Windows 7
- 1GB of RAM
- Adobe AIR® 3.3

Mac OS

- Intel Core™ Duo or faster processor
- Mac OS X v10.6 through v10.8
- 1GB of RAM
- Adobe AIR 3.3

Adobe® Flash® Professional CC

Create and deliver engaging animation and multimedia content.

Work faster than ever before with 64-bit architecture, a new streamlined user interface, and more connected tools. Create HTML content and export high-definition video and audio. Flash® Professional CC lets you share work directly from within the application and get access to new features the moment they're released. Your entire creative world, together in one place. Only in Creative Cloud.™

System requirements

Windows*

- Intel® Pentium® 4, Intel Centrino®, Intel Xeon®, or Intel Core™ Duo (or compatible) processor
- Microsoft® Windows 7 (64 bit) or Windows 8 (64 bit)
- 2GB of RAM (4GB recommended)
- 2.5GB of available hard-disk space for installation; additional free space required during installation (cannot install on removable flash storage devices)
- 1024x768 display (1280x800 recommended)
- QuickTime 10.x software recommended
- Internet connection and registration are necessary for required software activation, membership validation, and access to online services*

Mac OS

- Multicore Intel processor
- Mac OS X v10.7 (64 bit) or v10.8 (64 bit)
- 2GB of RAM (4GB recommended)
- 2.5GB of available hard-disk space for installation; additional free space required during installation (cannot install on a volume that uses a case-sensitive file system or on removable flash storage devices)

Adobe® Premiere® Pro CC

Edit your way.

Edit video faster than ever before with the powerful, more connected Adobe Premiere Pro CC. Dozens of brand-new features include a redesigned timeline, improved media management, and streamlined color grading. Sync your settings and shortcuts to any computer in any edit bay in the world and get access to new features the moment they're released. Your entire creative world, together in one place. Only in Creative Cloud.™

System requirements

Windows*

- Intel® Core™ 2 Duo or AMD Phenom™ II processor; 64-bit support required
- Microsoft® Windows 7 with Service Pack 1 (64 bit) or Windows 8 (64 bit)
- 4GB of RAM (8GB recommended)
- 4GB of available hard-disk space for installation; additional free space required during installation (cannot install on removable flash storage devices)
- Additional disk space required for preview files and other working files (10GB recommended)
- 1280x800 display
- 7200 RPM or faster hard drive (multiple fast disk drives, preferably RAID 0 configured, recommended)
- Sound card compatible with ASIO protocol or Microsoft Windows Driver Model
- QuickTime 7.6.6 software required for QuickTime features
- Optional: Adobe-certified GPU card for GPU-accelerated performance
- Internet connection and registration are necessary for required software activation, membership validation, and access to online services*

Mac OS

- Multicore Intel processor with 64-bit support
- Mac OS X v10.7 or v10.8
- 4GB of RAM (8GB recommended)
- 4GB of available hard-disk space for installation; additional free space required during installation (cannot install on a volume that uses a case-sensitive file system or on removable flash storage devices)
- Additional disk space required for preview files and other working files (10GB recommended)
- 1280x800 display
- 7200 RPM hard drive (multiple fast disk drives, preferably RAID 0 configured, recommended)
- QuickTime 7.6.6 software required for QuickTime features
- Optional: Adobe-certified GPU card for GPU-accelerated performance
- Internet connection and registration are necessary for required software activation, membership validation, and access to online services[†]

[†] This product may integrate with or allow access to certain Adobe or third-party hosted online services. Adobe online services, including the Adobe Creative Cloud service, are available only to users 13 and older and require agreement to additional terms and Adobe's online privacy policy. Additional fees or membership charges may apply.

Adobe After Effects® CC

Create moving images as unlimited as your imagination.

Make the impossible possible with the new, more connected After Effects CC. Get powerful new features like a Live 3D Pipeline that brings CINEMA 4D scenes in as layers without intermediate rendering. Share work directly from within the application and get access to new features the moment they're released. Your entire creative world, together in one place. Only in Creative Cloud.™

System requirements

Windows*

- Intel® Core 2 Duo or AMD Phenom® II processor; 64-bit support required
- Microsoft® Windows 7 with Service Pack 1 (64 bit), Windows 8, or Windows 8 Pro
- 4GB of RAM (8GB recommended)
- 5GB of available hard-disk space; additional free space required during installation (cannot install on removable flash storage devices)
- Additional disk space for disk cache (10GB recommended)
- 1280x900 display
- OpenGL 2.0–capable system
- QuickTime 7.6.6 software required for QuickTime features
- Optional: Adobe-certified GPU card for GPU-accelerated ray-traced 3D renderer
- Internet connection and registration are necessary for required software activation, membership validation, and access to online services*

Mac OS

- Multicore Intel processor with 64-bit support
- Mac OS X v10.7.4 or v10.8
- 4GB of RAM (8GB recommended)
- 5GB of available hard-disk space; additional free space required during installation (cannot install on removable flash storage devices)
- Additional disk space for disk cache (10GB recommended)
- 1400x900 display
- OpenGL 2.0–capable system
- QuickTime 7.6.6 software required for QuickTime features
- Optional: Adobe-certified GPU card for GPU-accelerated ray-traced 3D renderer
- Internet connection and registration are necessary for required software activation, membership validation, and access to online services*

* This product may integrate with or allow access to certain Adobe or third-party hosted online services. The applications and online services are not available in all countries or languages, may require user registration, and may be subject to change or discontinuation without notice. Additional fees or membership charges may apply.

Adobe® Audition® CC

Sound your best.

Create and deliver beautiful audio using more connected tools and dozens of new features, including Sound Remover, which can eliminate unwanted sounds from an entire file just by analyzing a small selection. Adobe® Audition® CC gives you access to new features as soon as they're released and is integrated with other Adobe video tools for smooth start-to-finish audio and video production. Your entire creative world, together in one place. Only in Creative Cloud.™

System requirements

Windows*

- Intel® Core™2 Duo or AMD Phenom™ II processor
- Microsoft® Windows 7 with Service Pack 1 (64 bit) or Windows 8 (64 bit)
- 2GB of RAM
- 2GB of available hard-disk space for installation; additional free space required during installation (cannot install on removable flash storage devices)
- 1280x800 display
- OpenGL 2.0–capable system
- Sound card compatible with ASIO protocol, WASAPI, or Microsoft WDM/MME
- USB interface and/or MIDI interface may be required for external control surface support (see manufacturer's specifications for your device)
- Optional: Optical drive for CD burning
- Internet connection and registration are necessary for required software activation, membership validation, and access to online services*

Mac OS

- Multicore Intel processor
- Mac OS X v10.7 or v10.8
- 2GB of RAM
- 2GB of available hard-disk space for installation; additional free space required during installation (cannot install on a volume that uses a case-sensitive file system or on removable flash storage devices)
- 1280x800 display
- OpenGL 2.0–capable system; optional GPU for optimum video playback performance
- USB interface and/or MIDI interface may be required for external control surface support (see manufacturer's specifications for your device)
- Optional: Optical drive for CD burning (SuperDrive recommended)
- Internet connection and registration are necessary for required software activation, membership validation, and access to online services*

* This product may integrate with or allow access to certain Adobe or third-party hosted online services. Adobe online services, including the Adobe Creative Cloud service, are available only to users 13 and older and require agreement to additional terms and Adobe's online privacy policy. The applications and online services are not available in all countries or languages, may require user registration, and may be subject to change or discontinuation without notice. Additional fees or membership charges may apply.

Adobe® SpeedGrade® CC

Craft the perfect look for every production.

Deliver balanced color and distinctive, visually vibrant looks for any type of video production.

Grade faster with more connected tools and over a dozen powerful new features and a redesigned interface that's both intuitive and familiar for Adobe Premiere® Pro users. And now, SpeedGrade CC has been redesigned to keep your tools up to date and all your projects totally in sync. More power to push storytelling further, only in Creative Cloud.

System requirements

Windows*

- Intel® Core™ i5 or i7 processor with 64-bit support
- Microsoft® Windows® 7 with Service Pack 1 or Windows 8 (64 bit)
- 4GB of RAM (8GB recommended)
- 1GB of available hard-disk space for installation
- 1440x900 display required (1920x1080 display and second professionally calibrated viewing display recommended)
- OpenGL 2.0–capable system
- Dedicated GPU card with at least 1GB VRAM required for optimal performance (NVIDIA Quadro 4000, 5000, or 6000 recommended)
- QuickTime 7.6.8 software required for QuickTime features
- Optional: Tangent Element control surface recommended; Tangent CP200 family and Tangent Wave control surface also supported
- Internet connection and registration are necessary for required software activation, membership validation, and access to online services*

Mac OS

- Multicore Intel processor with 64-bit support
- Mac OS X v10.7 or v10.8
- 4GB of RAM (8GB recommended)
- 1GB of available hard-disk space for installation
- 1440x900 display required and second professionally calibrated viewing display recommended; 15-inch Retina version of MacBook Pro with NVIDIA GeForce GT 650M processor recommended
- OpenGL 2.0–capable system
- Dedicated GPU card with at least 1GB of VRAM recommended; NVIDIA Quadro 4000 for Mac recommended for optimal performance
- QuickTime 7.6.8 software required for QuickTime features
- Optional: Tangent Element control surface recommended; Tangent CP200 family and Tangent Wave control surface also supported
- Internet connection and registration are necessary for required software activation, membership validation, and access to online services*

* This product may integrate with or allow access to certain Adobe or third-party hosted online services.
