

BlackBerry Mini Keyboard with Convertible Case

for the BlackBerry® PlayBook™ tablet

Work it. Anywhere. Any time.

With an ultra compact design, multi-touch control and 30-day charge, it won't quit until you do.

See 100% of your screen while you write long emails, messages, edit documents and spreadsheets, or surf the web wherever and whenever you want with the new BlackBerry® Mini Keyboard. With integrated multi-touch functionality, the Mini Keyboard lets you navigate the BlackBerry® PlayBook™ tablet with the simplicity and familiarity of a touchpad – including left and right mouse clicks.

You get all this functionality from one super slim, lightweight, portable keyboard. The included convertible case lets you carry your PlayBook tablet and Keyboard together- unfold the case for the perfect workstation while you're on the go. The wireless connection is easy to set up and encrypted to protect every keystroke and swipe. When it does need a charge, simply plug the keyboard into your PlayBook charger, fewer chargers makes it easier to travel lighter.

Get the keyboard that is designed by the makers of PlayBook. Unleash the power of the world's first professional grade tablet!
