Sophistication meets utmost choice

The distinctive BlackBerry Bold 9790 smartphone is built with high quality materials and includes refined finishes, plus its iconic BlackBerry QWERTY keyboard, precision-based optical trackpad and capacitive touch screen provide the ultimate in choice for navigation and typing. All this is packed into a compact, lightweight form factor that fits beautifully in your hand.

Loaded with power and performance

Exciting technologies and features – like dual-band Wi-Fi® connectivity, voice activated universal search and web page load times faster than BlackBerry® 6 – give you an uncompromising BlackBerry Bold experience. And, with a 1 GHz processor, 768MB RAM and 8GB of onboard memory with the option to expand (using up to a 32GB media card), you can take care of business on your BlackBerry Bold 9790 at lightning speed.^{1,2,3}

Harness the power

Swipe, zoom and scroll your way around apps and websites on the brilliant touch screen. BlackBerry 7 OS offers a smooth touch experience for virtually everything you do. And now, you can tap to connect with the world around you. With Near-Field Communication (NFC) technology, built right into your BlackBerry smartphone, you can pair and interact with other NFC-enabled products and services – all with a simple tap.^{1,2}

Some things are better shared

Chat, flirt and build relationships – in real-time – with BlackBerry® Messenger (BBM™). Plus, share your BlackBerry smartphone experiences using BBM connected apps, and share and discover new music with BBM™ Music Welcome to a whole new level of connectivity – you won't know how you ever lived without it.^{1,2,6}

Interact with the world around you

Augmented Reality technology layers information from your surroundings with information from the Internet, giving you a new way to experience the world around you. By using an app like Wikitude and looking through the camera on your smartphone's screen, you can get the story on a landmark, read reviews on a restaurant you just passed or scan the crowd at a concert to see how far away your BBM contacts are.^{1,2}

Always be in the know

Never waste a moment wondering if you've just received an email or BBM – or if someone's just tagged you in an unflattering photo on Facebook. The beauty of your BlackBerry smartphone is that it harnesses push technology so you'll always be in the know. It's really that simple.^{1,2}

Make it yours

The BlackBerry Bold 9790 smartphone is fully equipped right out of the box. Add powerful apps and tailored accessories to get even more from it. BlackBerry App World™ offers thousands of apps: games, social networking, online shopping, personal productivity and more. Then dress things up with BlackBerry accessories like Bluetooth® headsets and stylish cases made just for your smartphone. And get a BlackBerry Bold 9790 that's truly your own.^{2,4}

The logo features the BlackBerry logo symbol (a stylized 'B' composed of seven dots) to the left of the text 'BlackBerry Bold™'. The 'BlackBerry' part is in a bold, sans-serif font, and 'Bold' is in a slightly larger, bold, sans-serif font. A trademark symbol (TM) is at the end.
