

Go Green and Go Strong

More than a product, TravelMate Vero is Acer's commitment to a sustainable future.

Making sound environmental choices is good for the environment and it's good for business. Environmentally responsible companies experience far-reaching benefits.

Equipping the workforce with green PCs does not mean sacrificing performance or functionality just to achieve a low environmental footprint. The Acer TravelMate Vero is made from recycled materials and still packs these powerful features:

15.6" FHD IPS display

Wi-Fi 6

USB 3.2 Type-C port and three USB 3.2 Gen 1 Type-A ports

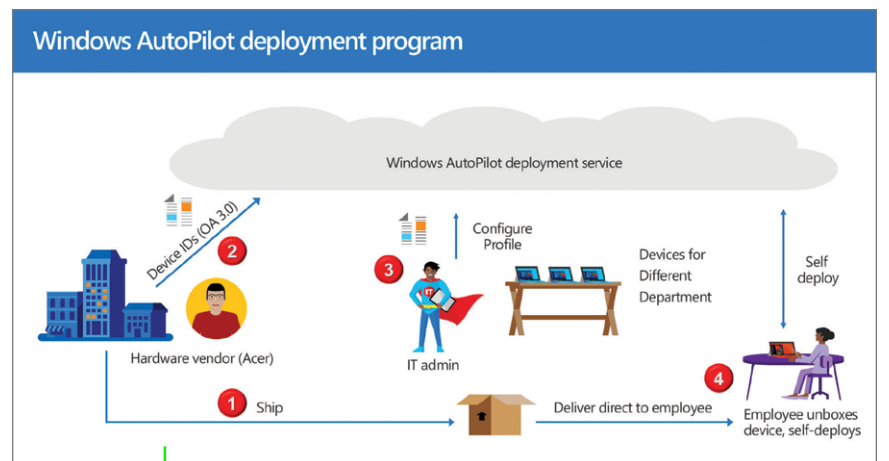

Up to 16 GB of rapid DDR4 memory

Trusted Protection Module (TPM)
Acer ProShield security tools

Up to 11th Generation Intel Core i7 processor

Microsoft Windows 11 and support for Windows Autopilot

Powerful Remote Productivity

Remote workers will also enjoy optimized meeting and collaboration features, including:

- Acer TrueHarmony™
- Microsoft's Cortana
- Acer PurifiedVoice™ with AI noise reduction, far-field pickup and adaptive beam forming.

EARTHION

Saving the planet won't be easy, but together, it is possible.

Earthion is Acer's initiative for us all to engineer a better tomorrow. Together, we can achieve our monumental goal of leaving no footprint behind.

Green from the Start

The TravelMate Vero is green from the ground up, made from recycled materials with at least 30% PCR plastic in the chassis and screen bezel and 50% on our keycaps. With the TravelMate Vero, you can go green while still going strong.
