# Keyboards, Mice & Active Pens

Keyboards,  
Mice & Active Pens

Enhance productivity with Dell Keyboards, Mice and Active Pens,  
thoughtfully designed to deliver maximum comfort and performance.

**Comfort**  
Designed for all-day  
comfort and ease of use.

**Enhanced productivity**  
Shortcuts, customizations and  
multi-device pairing with Dell  
Display and Peripheral Manager  
for enhanced productivity.

**Lasting performance**  
Up to 36 months of battery  
life<sup>1</sup> with 3-Year Advanced  
Exchange Service<sup>2</sup> for  
peace of mind.

**Accomplish More with AI**  
Quick access to Copilot in  
Windows with the built-in  
Copilot Key<sup>3,4</sup>

Wireless Keyboard and Mouse combos

Wireless and wired Keyboards

Wireless and wired Mice

Active Pens

<sup>1</sup> Applicable to select models only, please refer to product pages on Dell.com for more information. Based on Dell analysis of battery life usage model calculations. Results vary depending on use, operating conditions and other factors.  
<sup>2</sup> Replacement part/unit dispatched, if needed, following completion of phone/online diagnosis. Fee charged for failure to return defective unit. Availability varies. <sup>3</sup> Use  key with supported Windows 11 devices; feature availability varies by device and market, see aka.ms/KeySupport. <sup>4</sup> Keyboard layouts featuring the Copilot key may become available at different times, depending on language and region.

## Features at a glance\*

Discover innovative features that deliver reliability and enhance productivity and performance. Designed to meet every need, these features can be tailored to match your requirements. Please note that certain features are available on select keyboard and mouse models.

### Comfort & Ergonomics

- Comfortable typing experience – different switch for preferred typing experience
- Available in different sizes, to fit different working styles
- Preferred typing angle with keyboard tilt feature
- Smart backlighting with hand-proximity-detection lights up the keys as you get close.

### Performance & Productivity

- Programmable short-cut keys and buttons
- Copilot keys (keyboard only)
- Collaboration keys efficiency (keyboard only)
- Precise & accurate control – up to 8000 DPI (mouse only)
- Scrolling – vertical/ horizontal scrolling (mouse only)
- Precise tracking on all surfaces (mouse only)
- Customize with Dell Display & Peripheral Manager

### Reliability

- Secure – security encryption
- Peace of mind with Spill resistant, anti-fade keys
- Dongle storage for easy safekeeping

### Connectivity & Power

- Easy Pairing options – Dell Pair/ Universal pairing/smart connect
- Various connectivity options (eg dual-mode connectivity, USB/USA, multi-device)
- Up to 36 mths of battery life / or rechargeable

### Design & Security

- Comfortable clicking experience – contoured design
- Secure – security link receiver

# Dell Display and Peripheral Manager<sup>1</sup> for Keyboards & Mice

Program shortcuts to gain instant access to frequently used applications or functions and enhance your productivity. Experience the industry’s first singular application to optimize the performance of your entire Dell PC workspace<sup>2</sup>.

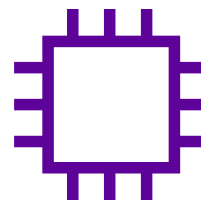

[Learn More About Dell Display and Peripheral Manager](#)

All software user interface images shown here are for illustrative purposes only and may vary from actual.  
1. Dell Display & Peripheral Manager is compatible with Microsoft Windows 10 build 17763 and above (x64-based); Windows 11 (x64-based) and Windows 11 on ARM (arm64-based).  
2. Based on Dell internal analysis – November 2024  
3. Available only on select models.

## Check connectivity and battery status

Quickly view your device’s battery life and check how it’s been paired with your PC.

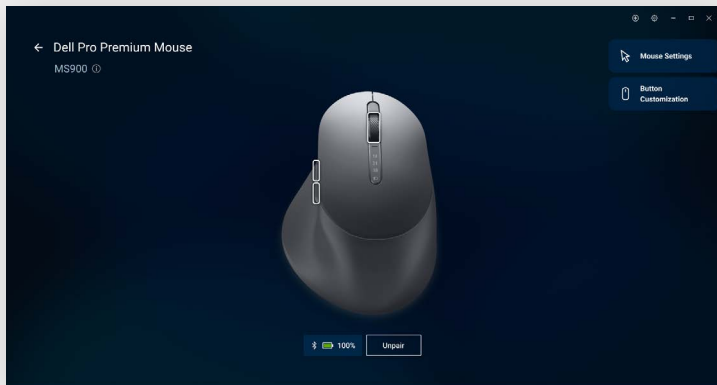

## Firmware updates

Keep your devices up to date with the latest firmware, for maximum efficiency.

## Customise the way you work

Customize backlighting<sup>3</sup> and program short-cut keys for repeated functions and applications specific settings, including touch controls for Zoom<sup>3</sup> and Microsoft Teams<sup>3</sup>.

## Precise navigation

Adjust your mouse to your preferred DPI\* for precise navigation across monitors of varying resolutions. Customize your mouse scroll speed in various scroll sensitivity\* options.

## Pairing made easy

Connect up to 6 devices with one Dell Universal Pairing USB receiver via the software. Easily pair and unpair additional devices.
