"Insurance is a 24-hour business and we can't afford to have our data centres and applications down when our customers need help. Our technology is absolutely business-critical."

Suresh Lakshmikanthan,
IT System Administrator, AXA Gulf

"We start managing the existing infrastructure to determine bottlenecks. Sometimes it is CPU, I/O or code-based problems. By using PRTG, we can save them from making bad decisions, saving headaches, time and money."

Jon Berry, President and Owner
Green Olive Tree

"PRTG helps us do a better job than our competitors because we are able to monitor critical networks and react quickly before an issue spins out of control."

Ethan Quint, Clair Global

ABOUT PAESSLER

Paessler recognizes the crucial role that monitoring plays in the efficiency and reliability of critical IT, OT and IoT systems. Since 1997, the company's flagship product, PRTG Network Monitor, has delivered the visibility organizations need to prevent downtime, reduce costs, and optimize performance across their infrastructure.

That's why more than 500,000 users in over 190 countries, including many of the world's most recognizable brands, trust Paessler to keep their networks running smoothly, allowing them to focus on building growth and maintaining their competitive advantage.
