

TRUE WIRELESS EARBUDS FOR WORK AND LIFE

BENEFITS

- Enjoy clear calls and listening to music, games and movies with Poly's legendary audio performance and noise blocking innovations.
- View your status, charge your earbuds, and control your meetings, calls, and music with the touch display on the smart charge case. (Voyager Free 60+)
- Go all day without realizing you are wearing them with 3 conical-shaped ear tips designed for maximum comfort.
- Make your IT team happy with certifications from top virtual meeting providers, iPhone and Android apps, and Poly Lens Cloud software for centralized device management, insights and analytics.

VOYAGER FREE 60 SERIES - MADE FOR WORK, MUSIC AND MORE

Tune into a world full of sound and free of noise with the Voyager Free 60 earbuds. Whether you're on a video call or into your playlists, these wireless earbuds are designed to keep you productive, connected and entertained. Each bud has a three-mic array that triangulates on your voice and minimizes surrounding noise so you're always loud and clear. Combined with hybrid and adaptive Active Noise Canceling (ANC), and advanced noise blocking algorithms ensures crystal clear audio on both sides of the call.

Designed for all day wear, these buds are lightweight, come with 3 sizes of conical-shaped ear tips engineered for maximum comfort, and advanced sidetone technology that keeps you aware of how loud you are speaking so you aren't straining your voice. And you can easily control your experience with a smart charge case (Voyager Free 60+) that extends battery life, displays call information, seamlessly switches between input devices and even wirelessly connects to inflight entertainment. Your IT team will also appreciate that they are optimized and certified to work with top virtual meeting platforms, come with intuitive apps and can be centrally managed from anywhere in the world.

VOYAGER FREE 60 SERIES
