

Poly Studio G62

Product Brief

Design the ideal meeting room with the Poly Studio G62 video conferencing system¹ – easy setup, seamless integration, and the customization your spaces need.

Modular in design

Simple to add multiple cameras, microphones, and controllers to fit the specific needs of your room and applications.

Integrator Ready Setup

Forget complex installations. Magnetic mounts and powered by PoE+, you can rest easy knowing installation will be a breeze. Integration into the room with robust APIs and control or 3rd-party control through Poly's TC10 makes things even more streamlined.

The Ultimate Setup for Collaboration²

The bigger the space, the more room for distractions. Keep them at bay by pairing the Poly Studio G62 with Poly peripherals to access Poly DirectorAI camera framing and tracking features along with innovating audio enhancements with NoiseBlockAI.

Device Control at your Fingertips

Give yourself some peace of mind. Connect and keep an eye on your Poly Studio G62 and Poly peripherals remotely using Poly Lens, and save time and effort on device management and maintenance.
