

Mobile productivity for all

Intuitive and powerful performance

Features like an immersive 10.5" display, long-lasting battery, easy one-handed use and a versatile camera with an auto-focus rear camera will enhance your workday.

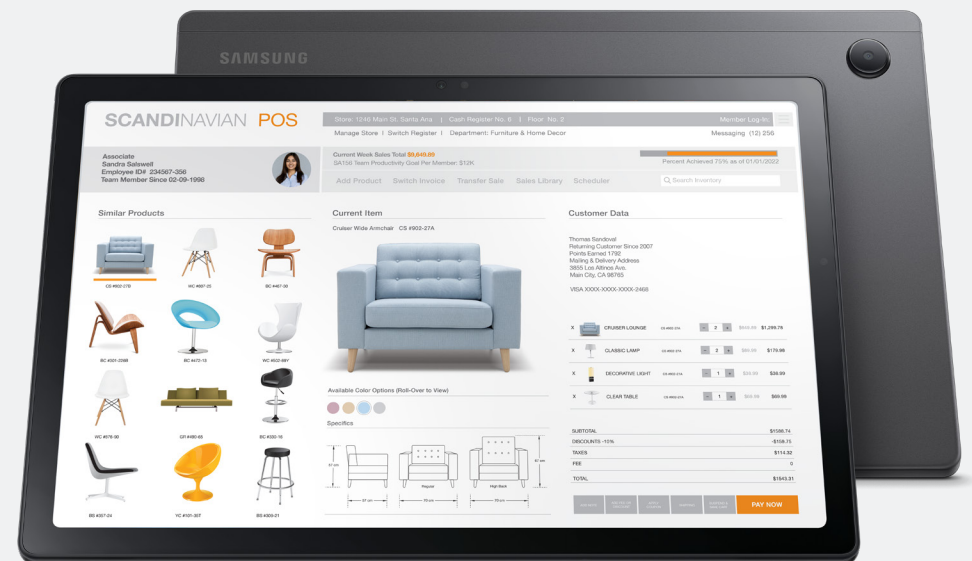

Boost business productivity

Storage options allow team members to keep everything important at hand, while light weight ensures easy portability.

Safety, security and management

Hardware-based security helps protect data, while management tools and services help IT to keep teams running smoothly.

Galaxy Tab A8

Equip the entire team to work more seamlessly from virtually anywhere

Intuitive and powerful performance

Immersive 10.5" display

- Immersive 10.5" 1920 x 1200 WUXGA display lets you easily view images, presentations, documents and videoconferences with clarity
- Large screen offers plenty of room for multitasking

Powerful, long-lasting battery

- Up to 13 hours on a single charge¹
- Fast Charging has you back up and running quickly²

One UI makes productivity easy

- Find and interact with content easily with one hand
- Dark mode makes usage comfortable in low light

Enhanced camera with autofocus

- Enhanced 8MP rear camera with autofocus
- Easily take photos, scan and archive documents
- 5MP front camera is horizontally centered for better video conferencing

Premium audio

- Ensures every comment and question is captured in clear detail

Boost business productivity

Always connected

- Wi-Fi 5 and Bluetooth 5 give you LAN connectivity

Perfectly portable

- Thin and light (just over a pound)
- Ideal for remote workers

Bring it all with you

- Choice of 32GB, 64GB or 128GB
- Expand up to an additional 1TB with a microSD card³

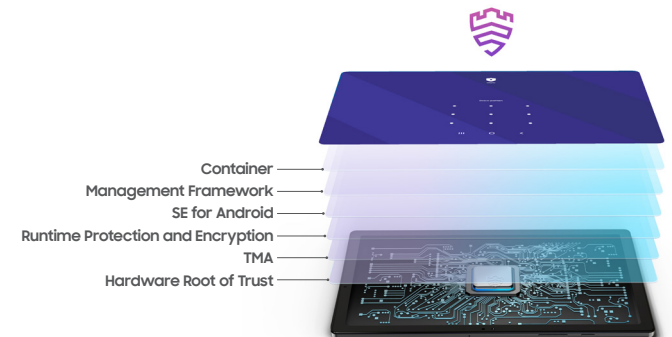

Safety, security and management

Defense-grade security

- Hardware-based security platform helps protect data from the chip up.⁴
- Isolates, encrypts and secures data, while providing close integration with leading enterprise mobility management tools⁵

Secure, manage and customize

- Knox Business Services helps you at every stage of the device lifecycle⁵
- From device configuration, enrollment and management, to advanced mobile security controls and updates⁵
- Manage devices in near real time, configure settings, and remotely lock or wipe devices if lost or stolen⁵
