¹Galaxy AI features by Samsung will be provided for free until the end of 2025 on supported Samsung Galaxy devices. ²Sketch to Image feature requires a network connection and Samsung account login. Editing with Sketch to Image may result in a resized photo up to 12MP. A visible watermark is overlaid on the image output upon saving in order to indicate that the image is generated by AI. The accuracy and reliability of the generated output is not guaranteed. ³Requires internet connection; results may vary by uniqueness, clarity and framing of circled image and related factors. ⁴For text in Samsung Notes only (200 – 4,000 characters); requires Samsung account login and internet connection. ⁵Transcript Assist available only with audio files under 3 hours and recorded using the Samsung Voice Recorder app. Summarizing feature available for text in Samsung Notes only (200 – 4,000 characters). Translation feature requires language preset (English and Spanish pre-installed; other languages require free download). Samsung account login and internet connection are required. ⁶Display measurements are diagonal, and actual viewable area is less due to the rounded corners. ⁷Consistent with IP68 rating, water resistant in up to 5 feet of water for up to 30 minutes.
